

Banksman - Traffic Marshall Training

Moving traffic safely with expert tuition from our ITSSAR qualified tutors

Manoeuvres involving reversing can be dangerous and our training will reduce the risk of accidents as well as meet your legal requirements.

By the end of this training course the learner will be able to answer questions and perform the following:

- Have a basic understanding of the industry and relevant legislation, the dangers and their responsibilities as a vehicle marshall.
- Have knowledge of the manufacturers handbook for the particular vehicle/machine to be guided
- Have a good understanding of signs and signals, approved hand signals and various forms of communication
- Identify and maintain PPE appropriate for vehicle marshall duties
- Set up an exclusion zone for unloading
- Guide machinery in a forward and reverse direction including confined spaces and 'blind' areas safely and efficiently
- Environmental considerations
- Carry out all end of shift shut down and parking procedures

Course duration: One day
