News for parents & carers

Why an apprenticeship?

Apprenticeships are an exciting option - you get hands-on training and also the chance to put your skills into practice.

Apprentices earn a good salary as they work towards their qualifications, without student debt once qualified.

University loans are now paid back over 40 years which could be an person's entire working life and interest rates keep increasing!

Apprenticeships demonstrate excellent career progression - many Directors in Sussex are former SIGTA apprentices!

Why SIGTA?

- We have been placing apprentices with world-class companies since 1964.
- Apprentices acquire highly respected transferable qualifications.
- SIGTA have a 100% record of apprenticeships achieved successfully by the planned programme end date.
- They will be trained by highly skilled people in the workplace and on day-release.
- We ensure that our apprentices receive a good salary - always over apprentice minimum wage - in June 23 we are advertising vacancies up to £21,450 per annum!
- SIGTA closely monitor onsite health & safety to keep our apprentices safe from harm.
- Our apprentices receive support visits from their SIGTA Training Officer every 6 to 8 weeks.
- We advise on careers progression throughout the programme and additional qualifications on completion of the apprenticeship.
- All apprentices receive pastoral care (young apprentices in particular) to ensure a healthy working environment.
- SIGTA are a training centre for apprentices delivering day-release training from two sites in Sussex.
