Apprenticeships for 2025

Apprenticeships

Apprenticeships starting to come in for 2025

Last year was busy with well paid apprenticeships with world-class companies and this year is shaping up to be even better.

We are currently recruiting:

- NHS - looking for an apprentice to join the busy Clinical Engineering Department to complete a 4 Year apprenticeship program at Conquest Hospital.
- Hanover Displays in Lewes - Who makes the digital signs that you have seen on buses? Hanover! Great opportunity to join an innovative company working in a high-tech environment.
- TE Connectivity in Hastings - Do you want to learn to make high precision components using computer-controlled machines? You will set and operate CNC machines (Lathes or Mills) manufacturing complex systems.

Coming soon:

- Flight Simulator Technicians who will learn to maintain and repair flight simulators used for pilot training (Crawley).
- Electro/Mechanical Engineering Fitters building complex equipment used in medical applications (Crawley).
- Technical Computer Aided Design in Brighton.
- Technician Machinists to use the latest computer controlled machining centres to produce complex components (Hailsham).
- Engineering Technicians for high-tech engineering involved in design, build, test and quality assurance (Storrington).

Circle back to our vacancies page regularly as we have new apprenticeships throughout the year.

You will need GCSEs:

- English grade 4 and above
 - Maths grade 4 and above
- and three others - IT is useful for these apprenticeships.
