

SIGTA Limited - Environmental Policy

SIGTA Limited is committed to minimising the negative impact of its activities on the environment.

In order to implement this Policy SIGTA will follow the principles set out below:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Ensure travel is effectively planned to reduce costs and minimise the effects of toxic emissions.
- Actively promote recycling both internally and amongst our customers and suppliers.
- SIGTA will seek to minimise the use of raw materials, supplies, energy and, where possible, will use renewable or recyclable materials.
- SIGTA will comply with applicable environmental laws and regulations and will implement internal programmes and procedures to ensure compliance.
